Crisco, a Richer Shortening Than Butter

The best creamery butter is nearly one-fifth water and salt. The salt is added to preserve the butter.

Crisco is ALL shortening. It contains no water or salt. It is shortening of the purest, richest kind.

Crisco is so rich that most cooks use a little less than they would of butter. When used as butter, add one level teaspoonful of salt to each cupful of Crisco.

MEXICO LAUGHS AT THE UNITED STATES

SURPRISED THAT NO STEPS ARE TAKEN TO BACK UP DEMANDS.

BELIEVES U. S. IS BLUFFING

Mexico Does Not Look For Armed Force—Foreigners Would Welcome Intervention.

[By Associated Press.] Mexico City, Nov. 18.—Surprise was caused here today by Washington dispatches indicating the United States does not contemplate active measures in support of its warning that the new Mexican Congress must not convene.

The completion of the preliminary organization of Congress is regarded as putting the final touch to Huerta's defiance. Mexican officials seem convinced the United States is bluffing and declare they are satisfied there will be no armed interference. Foreigners would welcome intervention as a relief from the present tension.

A singular fact which is much commented upon, is the entire absence of anti-American feeling among the Mexican population, and all the newspapers' efforts to stir up such feeling proved unavailing.

Washington Marks Time.

[By Associated Press.] Washington, Nov. 18.—Over night developments apparently brought no change in the Mexican attitude here. Some officials believed the Mexican Congress would heed the warning of the United States, and take no action on convening the session. Talk of blockading the Mexican ports was revived, but high officials denied that such steps had been determined upon.

Tampico Reported Captured.

[By Associated Press.] Galveston, Nov. 18.—A wireless message received by the Gulf Coast Fruit and Steamship Company last night, said Tampico had been captured by the Constitutionalists. The message has not been confirmed today.

Foreigners Flock to Coast.

[By Associated Press.] Mexico City, Nov. 18.—Because the Rebels menace the town of Orizaba, foreigners are flocking to the coast in large numbers, fearing they may be bottled up here. The Rebels were reported defeated with a loss of twenty-two killed, in Michoacan State yesterday.

GREAT LABOR STRIKE IN SOUTH AFRICA

One Hundred and Fifty Thousand East Indian Workers Left the Railroads.

[By Associated Press.] Durban, Natal, South Africa, Nov. 18.—The strike of East Indian laborers spread today to the south coast, and practically every one of the one hundred and fifty thousand workers of Indian blood, had left the railroads, mines and plantations. Serious disorders are feared.

Birmingham, Ala., November 18.—Frank P. Glass, editor of the Birmingham News and president of the Montgomery Advertiser, was yesterday appointed United States Senator by Governor O'Neal, to succeed the late Senator Joseph F. Johnston. Mr. Glass is one of the oldest and best known newspapermen in the State is a native of Alabama. An alumnus of Princeton, he founded the Blade in Bibb County in 1880, a year later bought the Selma Daily Times and in 1896 acquired half interest in the Montgomery Advertiser. He became editor of the Birmingham News two years ago. Mr. Glass is 55 years old.

A TWENTY-DAY HIATUS HAS BEEN AVERTED

Comptroller's Office Made Ruling That Would Have Closed All Saloons Twenty Days.

[By Associated Press.] Austin, Nov. 18.—After passing unfavorably last night on the contention of certain members of the State Comptroller's department that new saloon permits were necessary since the new 9:30 civil closing law went into effect at midnight Monday, the Attorney General's department today ruled against another contention that new bonds would be necessary. The Comptroller's department claimed that all saloons in the State are operating illegally and should be closed until new bonds are secured. This would put the State "dry" for twenty days.

FAMOUS VOICE TEACHER IS DEAD IN LONDON

[By Associated Press.] London, Nov. 18.—Madame Mathilde de Castromar, probably the most famous vocal teacher in the world, died today, aged eighty-seven.

MEXICAN NEWSPAPER SCORES PRESIDENT WILSON

Mexico City, Nov. 18.—El Imparcial yesterday referred editorially to the organization of the Mexican Congress. "It appears," it says, "that this congress displeases the mighty personage of the white house. He takes us for slaves, whereas we belong to the noble and fierce race of Cuauhtemoc, the last Aztec sovereign of Mexico, crossed with the blood of that other indomitable and proud people whose monuments of glory rear themselves in the heights of Andes.

"Our grand president, now unembarrassed by intriguers, stands more firm than Porphyro of Bronze.

"A people which loses its independence and dignity without a supreme effort is worse than dead and merits eternal ignominy."

The article continues by saying that the writer can not believe that the Yankees will launch upon such an insane adventure as a war with Mexico.

USED HABEAS CORPUS TO TALK TO WIFE

[By Associated Press.] Cincinnati, Nov. 18.—M. C. Prichard today invoked the aid of the habeas corpus to bring his wife into court so he could talk to her. They have been estranged, and Mrs. Prichard refused to listen to him. He is confident if he could talk to her, their differences could be adjusted.
